

STC1

9.38" x 28.88" x 12.75" (H x W x D)

8-bottle thermoelectric wine chiller for countertop use

Highlights:

- Upright design lets you properly store open bottles of wine
- Optimum wine storage with vibration-free operation
- Digital thermostat offers precise and convenient temperature control

Product Features:

Thermoelectric cooling	No compressor for quieter operation
Upright bottle storage	Interior can hold up to 8 bottles in an upright position
Vibration-free operation	With no compressor, wine does not experience damaging vibrations
Digital thermostat	Electronic controls for precise temperature management, with temperature readout and controls front located for added convenience
Wide temperature range	Thermostat can be set between 46° and 66°F for proper storage of white, blush, or red wine
Glass window with LED light	Bottles stored in the front of the unit are displayed by an energy efficient LED light
Interior fans	Two fans ensure air is evenly circulated among all eight bottles
100% CFC and freon free	Environmentally friendly design with no ozone-damaging chemicals

STC1 Specifications:

Overview
